 - The first focus is to deal with matters that occur during competition, typically discipline/conduct issues, and appeals that may arise from ejections.
 - The second focus is to handle any other matters that arise that require dispute resolution.
- Grievances need to be brought up to the Grievance Chair (Jamie Bach) first and will then be discussed and concluded by the committee that is made up of an administrator, an SSA Commissioner or Staff Member, a head official from ABOA, and two coaches who or are not in conflict of interest.

- Teams will have access to the changeroom for half time of the game they are playing in.
- We ask that the teams playing the next scheduled game do not access the changerooms until after halftime of the previous game.

- In the event of a color discrepancy between a light uniform and a dark uniform, one team may be requested to change to a more suitable option available to them. This decision will be made at the discretion of the officials.
- Please do not change in the gym at your respective benches. Please make any uniform changes in the change rooms provided by the hosts.

L. EQUIPMENT

- A 4A Tournament branded Spalding game ball will be used for all games.

- These trainers are there to assess and administer treatment for injuries that occur during a game of the tournament. Any preexisting injuries are to be dealt with by the individual, parent, medical professional or coach prior to games. Assistance with these injuries can be provided if you are untrained or unfamiliar with the proper technique.
- There will also be high school sports medicine students available during each game to help with getting ice/cold packs for teams. We ask that ice and other requests come directly from coaches or other team personnel.

Students should be located away from doors and windows. 2. Ensure classroom doors are locked; windows and blinds are closed if applicable and turn off lights. 3. Wait for ANNOUNCEMENTS for additional instructions from ADMINISTRATION. 4. Ignore requests from outside classroom to open doors. 5. Ignore fire alarms unless there are obvious signs of a fire (smell of smoke, visible flames) OR you are instructed to evacuate by a PA announcement or a school administrator or emergency personnel. 6. It is important that teachers keep the students focused and quiet throughout the lockdown procedure. 7. A school administrator or police officer will visit each secure space to inform occupants that the Lockdown procedure has concluded, but to remain in the space until a general PA announcement is been made to conclude the lockdown procedure. 8. Staff will be debriefed at the end of each drill concerning what worked and could have been improved.

FIRE DRILL INSTRUCTIONS

1. Fire alarms are in the corridors throughout the building. The fire bell is a loud continuous ring. Immediately at the sound of the alarm, all building occupants are to begin the drill immediately.
2. The first two students to reach any of the exit doors of the building will be responsible for holding them open until all occupants in that area have left the building.
3. Walk briskly, but do not run. Continue this pace until all students are at least 15 m away from the designated exit below.
4. Close and lock all windows and doors of classrooms. Turn all lights off.
5. Ensure that persons with disabilities receive assistance in exiting the building.
6. Teachers are to ensure that washrooms and ancillary spaces in their areas are empty. A designate can perform this task with a report back to the teacher.
7. An administrator will be at the flagpole at the front of the school as a contact for emergencies, reports of missing students, etc.
8. Re-enter the school and return to your classroom when notified through the PA system
